“That being registered as a dentist, Peer Nelz’s (82848) fitness to practise is impaired by reason of misconduct. In that:

1. You failed to provide an adequate standard of care to Patient A, from 26 November 2015 to 20 May 2021, in that:
 - a. Prior to commencing orthodontic treatment, you did not:
 - i. Inform Patient A, adequately or at all, that you were providing another clinician with a copy of her clinical records, in order to facilitate that clinician undertaking some or all of the treatment planning.
 - ii. Offer Patient A the option of being referred to another clinician, who would be able to undertake all of the treatment planning directly themselves.
 - b. When providing orthodontic treatment via braces, you did not inform Patient A, adequately or at all, that:
 - i. Her oral health was deteriorating and/or not improving; and/or that
 - ii. This was the reason that her braces needed to be removed.
 - c. When providing orthodontic treatment via aligners, you did not:
 - i. Plan and/or arrange sufficient appointments to fit the aligners and/or to monitor and/or review the progress of the aligner treatment.
 - ii. Provide Patient A with all of the aligners required to adequately progress and/or complete the planned orthodontic treatment.
 - d. You did not provide Patient A with clear information as to costs, either prior to treatment commencing and/or whilst treatment was ongoing.
 - e. You did not provide Patient A and/or her mother with a prompt and/or constructive response to the complaint made by them on 16 September 2019.
2. You failed to obtain informed consent for the treatment provided to Patient A from 26 November 2015 to 20 May 2021.”
